BIOGRAPHY OF

The United Cement, Lime, and Gypsum Workers International Union Local 24 was formally established in 1939 in Zanesville, Ohio. One of the few industrial unions dates from earlier organizing efforts made in the early 20th century. The union, with 35,000 members, became the Cement, Lime, and Gypsum and Allied Workers Division of the International Brotherhood of Boilermakers, Iron Shipbuilders Blacksmiths, Forgers, and Helpers in the mid-1980s. The national headquarters are located in Kansas City, Kansas. The Zanesville local, organized at the Columbia Cement Division plant in East Fultonham, was initially Local #18457. Its designation changed to Local 24 during November 1939.
